EXPERIENCE

DESIGN TEAM LEAD | FITNESS CLUB, MITS GWALIOR

Dec 2024-Present

Creating 60+ graphics for cultural events and social media. Trained and mentored new members in design tools and best practices while managing and guiding multiple group projects from concept to delivery.

TECHNICAL HEAD LAFZ E BAYAN, MITS GWALIOR

Nov 2023- Present

Served as the Technical Head, overseeing all tech-related operations for the club. Managed event registrations, enrollments, and feedback through Google Forms and Sheets. Handled subscriptions, digital infrastructure, and ensured smooth coordination of online processes for club activities and events. Streamlined workflows and supported team members with technical guidance and resources.

DESIGN TEAM MEMBER | MATHEMATICS CLUB, MITS GWALIOR

Oct 2024- Present

Contributed as a core member of the design team, assisting in the creation of visually engaging posters and digital assets for cultural events and club activities. Collaborated with fellow designers to brainstorm ideas, refine concepts, and ensure timely delivery of high quality designs. Supported team members in learning design tools and maintaining brand consistency across all visual content

PROJECTS

Full Stack Business Management System (React.js, Supabase, Tailwind CSS, JavaScript, Vercel)

Developed a modern business management platform with a responsive UI, secure authentication, and real-time data handling using modern web technologies. Designed dynamic dashboards, optimized application performance, and deployed the project on Vercel for a scalable and efficient user experience.

TravelBuddy – Smart Travel Planning Platform (React.js, Tailwind CSS, JavaScript, API Integration, Vercel)

Developed a modern travel planning web application with an interactive and responsive UI for seamless trip management and destination exploration. Implemented optimized frontend performance, dynamic user experience, and scalable deployment using modern web technologies and Vercel.
